

EUROSWEET

GERMANY

Since being founded in 2004, Eurosweet has enjoyed steady growth, today achieving a fixed market position in the food and beverage industry. Dedicated to the production and marketing of liquid fructose and other liquid blends, EuroSweet delivers trusted custom-made solutions for confectionery, dairy products, soft drink bottlers, bakeries and breweries. The company's corporate offices and specialist blending facilities are situated at Bottrop in the heart of the Ruhr area, North-Rhine Westphalia. Occupying a key logistical location with direct connection to the A42 motorway, the facility is easy to reach and seamlessly integrates with the coordinated Galam Group distribution network throughout Europe.
