

Galam IBERIA S.L.

Glucose | Fructose | Sugars | Syrups

Galam Iberia, Spain - Member of the Galam Group

Founded in 1997 (formerly known as Atomer), Galam Iberia became fully owned by Galam Group in 2010. Today's leading Spanish provider of liquid fructose and sugars, Galam Iberia, has also successfully expanded activities well beyond Spain by employing Galam Group's extensive, coordinated distribution network throughout Europe.

Based in Vic, 70 km north of Barcelona, Galam Iberia produces a broad scope of liquid products for the food and beverage industry including liquid sugars, invert sugars (with sucrose or glucose), liquid fructose (up to 99.5% fructose on D.S.) and more.

The company's value-added, tailored blends merge in-depth knowledge and experience of the local market with Galam Group's international sweetening expertise. Galam Iberia delivers a substantial portfolio of liquid blends which enable food and beverage manufacturers to produce healthier products, with claims that reflect the latest consumer demands - such as low/no sugar, low calorie, low GI, suitable for diabetics and high fiber.

Products:

Liquid syrups:

- Liquid sugar
- Liquid fructose
- Invert sugar

Special blends:

- Tailor-made blends that match the customer's requirements (sweetness, viscosity, mouth-feel, color etc.)

Sweet blends:

- Sugar/dextrose
- Sugar/dextrose/maltose
- Sugar/fructose/dextrose

"Concept Blends":

- Low GI
- Rich in fiber
- Low calorie
- Natural
